Projects

Result Portal

- A student result portal developed using PHP allows students to view their exam results with detailed subject-wise marks. Teachers can securely log in with their unique ID and password to input or update results. This portal streamlines result management, ensuring accuracy and easy access for both students and teachers.

Objective

- To contribute to an organization where I can apply my skills and gain practical experience, while supporting the company's growth and enhancing my professional development.

Key Skills

- Basic knowledge of
- OOPS
- C
- Cpp
- Python
- Java
- Html
- Css
- Sql
- Data structure
- Sql
- php

Interests

- - Learning new coding languages
- - Creating websites
- - Solving coding problems
- - Exploring new technologies
